In childhood, every day is filled with interesting events! Meet Christopher and his plush toy friends: Little Bear, Piglet, Rabbit and other animals. Together they always find a way how to have fun: they can invent a tale and bring it to life with all their unusual ideas. What should they do this time? Maybe arrange a costume ball, a tea party or go hunt for a bizarre beast? However, even the best plans can go awry...

*Tales of the Plush Forest* is a co-operative adventure for young detectives. Your goal is to piece together the full picture, just like a jigsaw puzzle, and re-create the events. Find out what actually happened in this stand-alone game from the *Detecteam Kids* range!
