# HINTS

**WARNING:**

DO NOT READ BEFORE PLAYING THE GAMES!

 HINT 2

The two pineapples on the left hang higher than the platform, so Alice can move forward. Their colors match.

 HINT 4

Insert the wire into the holes of all different colors.

 HINT 6

Level "4" will be located at the very bottom of the frame.

 HINT 8

All 3 tabs on the key must be inserted into the keyholes fully. The resulting emoji is the solution.

 HINT 10

Using the pattern on the floor follow the path of the laser beam from the center of each door to one of the lettered sensors.

 HINT 12

Mentally rotate the color wheel or the cabins so that their colors match.

 HINT 14

Apply a little water to the water slide side of Ricky's pass.

 HINT 16

Check how **each** clown on the buttons differs from the rest of them.
